

## ENGLISH PROFICIENCY REQUIREMENT FOR ADMISSION

AIT is an international institute with a mission to serve as a platform for students from the full spectrum of highly developed to less developed countries. Its residential campus is today a small replica of the world without borders. English is therefore its official medium, not only in the classroom but for everyday life, in the interaction among all members of the AIT Community.

AIT is committed to investing in our students' English multi-literacy proficiency and success. The institute has a human development mandate and works with students to ensure professional competency and to ensure that AIT graduates will advance to become future global leaders in the globalization age. Thus, we provide courses in academic English literacy development to assist students in continuously improving their communication skills while studying at AIT. All academic English and research communication courses and workshops (except for compulsory English classes for conditional offers) throughout the duration of study are included in the 2,000 Baht one-time flat Language Support fee that students are required to pay at entry.
